

Offer employees an invaluable benefit: peace of mind

Norton LifeLock Benefit Solutions help employers align employee well-being and business outcomes.

Holistic support with a Cyber Safety benefit

Digital protection helps strengthen an employee's overall well-being:

Physical

Cybercriminals can easily access personal information, like home addresses, and target individuals, potentially turning a digital threat into a physical threat.

Mental

Identity theft and other cybercrimes can lead to increased stress, lost productivity, distraction, a myriad of emotional stress, and ultimately lead to absenteeism at work.

Financial

LifeLock identity protection helps protect personal credentials and financial data from exposure or use by cybercriminals to commit fraud.

Work-life

Workplaces that value well-being promote healthy habits, and this extends to encouraging good cyber hygiene and digital habits.

Don't let cybercriminals steal your employee's well-being

The negative impacts of cybercrime include:

- Distraction
- Lost productivity
- Time off work
- Exposed company data
- Financial loss
- Increased stress

75% of consumers are worried about their family members falling victim to scams.¹

69% of US consumers surveyed said they have been the victim of identity theft.²

10.4 hours average time identity theft victims spent trying to resolve the fraud during work hours in 2022.³

Norton LifeLock Benefit Plans offer comprehensive identity theft protection, online privacy, and device security

Our technology helps block million of cyberthreats every day. Our benefit plans help protect employees in three simple steps:

1: Block & Lock

- Protective features stop cyberthreats before they affect devices
- Enable users to lock access to credit and financial accounts

2: Scan & Alert

- Monitors⁴ threats to identity and financial accounts
- Alerts⁵ by phone, text, email, or mobile app when a threat is detected

3: Fix & Reimburse

- Restoration Agents help resolve identity theft or device-related intrusions
- Reimburse funds stolen from identity theft up to \$3M⁶
- Assign lawyers and experts if needed with no upfront or out-of-pocket cost

Why partner with us
